Academic Achievements

- Was among the top 5 students in Bachelors of Computer Applications who received a merit-base scholarship provided by the college.
- Received the Certificate of Merit (1st Position) in Software Exhibition in School of Computer Applications, BBDU, Lucknow.

Internship Experience

• Internship training at Precursor Info Solutions:

Feb 2021 – May 2021

Underwent an internship training program at Precursor Info Solutions in Lucknow. The driving School portal will register all the driving school owners to showcase the details of their school along with all facilities and instructor details, training schedule, fees, etc. Users can search training schools according to their priority (timings, area, fees).

Other Projects

• Home Price Prediction Using Machine Learning:

July 2022-present

Working on a machine learning model that will help in predicting home price based on the data set provided to us. I will be using data mining techniques to gather useful information and will use them to design some algorithms working on various parameters provided. This model can help in better prediction of home price.

• Allogram:

Aug 2022-present

Currently working on project, that will convert given program questions that is in English sentences into code in python. In this we are using Natural Language Processing and Deep Learning model to develop this project.

Technical Skills and Certifications

- Programming Languages : C, C++, Python, Java
- Engineering Software : Eclipse, MySQL Workbench, Jupyter Notebook
- Other Software : Microsoft Word, PowerPoint, Excel, Visual Studio
- Certifications : Java (offered by Udemy/online)

Positions of Responsibility

- **Technical Member of Mexperts Society:** *Aug 2022 - Present*
Working as a Technical member of **Mexperts Society** , Personality Development Society in **NIT Kurukshetra**. As a part of this club, the work specifically involved the development of workshops and fun activities for enhancing the soft and technical skills of the students.
- **Coordinator, Techspardha:** *Jun 2022*
Worked as a Coordinator of **Techspardha**, In this event I helped in organizing and managing several technical and non-technical events for students.
